Dear Jayakrishna,

From trail mail, seems the expenses already incurred..

Are these charges over an above PMC charges we pay to TSP for NN sites? Are these part of BOQ line items in ISQ for NN?, if yes then we can go ahead and raise PO with help of SCM if they are not part of BOQ they become Non BOQ spent, we will get the same regularised by raising proposed NFA for green channel expense, please share the details to Abhilasha, lets get this approved before raising PR/PO to partner.

Best,  
Punit

Dear Sir,

Based on the guidelines , we have started the civil works in the below mentioned site in last month with DA letter ..But due to public objection we could not able to complete C2.. WE HAVE APPROACHED Golkonda PS more than 4 times but CI is insisting for NOC.. we met neighbours to discuss on EMF AWARENESS ..But could not able to succeed in resolving issue ..Based on environmental issues/challenges faced during construction phase at site ID, IN-1345196 in Hyderabad, Shaikpeta, certain expenses were incurred to manage ground challenges thru TSP partner who has been allocated the New Build site. The total expenses amounting to INR 30,000/- from initial demand of 50K incurred for the activity. Request you to please approve this expense as decision to spend this expense was diligent and in agreement with site acquisition & rest of stakeholders. In case , any further clarification is required, please let me know”.

Pls review the recommendation and forward to Rajesh Sir for approval..
